Brief Guide to Public Benefits

April 1, 2006

THIS PUBLICATION IS NOT A SUBSTITUTE FOR THE ADVICE OF AN ATTORNEY.

The pamphlets of the Legal Hotline for Texans are general in nature and should not be relied on as advice for your particular circumstances. For advice that is specific to your particular circumstances, you should consult a lawyer.

The Legal Hotline for Texans is a telephone hotline providing free legal advice and consultation, brief services and other free legal services to Older Texans, Pension Participants and Beneficiaries, Crime Victims and Disaster Victims.

Eligible Clients can consult with an attorney of the Legal Hotline for Texans free of charge by calling one of the phone numbers listed above. If clients would like to consult with an attorney in their communities, or if ongoing representation by an attorney is needed, the Legal Hotline for Texans may be able to make a referral.

Depending on individual circumstances and local availability, such a referral may be to an organization providing free attorneys to low income persons, or may be to an attorney on the Legal Hotline for Texans' reduced-fee lawyer referral service panel, or may be to a statewide or local lawyer referral service.

The Legal Hotline for Texans is a project of the Texas Legal Services Center with support from the Texas Department of Aging and Disability Services, the U.S. Centers for Medicare and Medicaid Services, the U.S. Administration on Aging, the Office of the Attorney General of Texas, AARP and the Texas Equal Access to Justice Foundation through the Texas Basic Civil Legal Services Program and the Texas Crime Victims Civil Legal Services Program.

*DRA. As of March 1, 2006, it was not known which of the provisions of the U.S. Deficit Reduction Act of 2005 (S.1932), signed by the President 02/08/2006 (DRA) will require changes in Texas rules or changes in Texas statutes. "In the case of a State plan under title XIX of the Social Security Act (42 U.S.C. 1396 et seq.) which the Secretary of Health and Human Services determines requires State legislation in order for the plan to meet the additional requirements imposed by the amendments made by a provision of this section, the State plan shall not be regarded as failing to comply with the requirements of such title solely on the basis of its failure to meet these additional requirements before the first day of the first calendar quarter beginning after the close of the first regular session of the State legislature that begins after the date of the enactment of this Act. ..." DRA Section 6016(e)(3). See Appendix I.

Children’s Health Insurance Program

Gross Income Test: A child is eligible if the budget group’s gross monthly income, after rounding down cents, is equal to or less than the 200% of FPG for the budget group’s size. All budget groups must pass the gross income test.

Assets Test: Budget groups with a gross monthly income greater than 150% of FPG are subject to an assets test. In order to be eligible for CHIP, a budget group with a gross monthly income greater than 150% FPL must own \$5,000.00 or less in countable liquid assets and excess vehicle value combined.

Temporary Assistance for Needy Families (TANF)

TANF Income Limits: HHSC determines household financial eligibility based on a number that represents 100% of the estimated cost necessary to meet basic needs for one month according to household size. HHSC determines benefits based on a number that is equal to 25% of the budgetary needs amount and pays a maximum TANF grant that is equal to 17% of the FPG. HHSC includes the budgetary needs of the supervising relative on the case with the eligible child if the adult is the child's legal parent, or another eligible relative who is financially needy and wants to be included. HHSC also includes the budgetary needs of a "second parent" when a child lives with both legal parents and either parent is incapacitated or unemployed/underemployed. All applicants and certified recipients must pass two income tests:

Budgetary Needs Test: Total gross household income minus work related and child care expenses for all applicants who have not received TANF in the past four months cannot exceed the TANF budgetary needs amount.

Recognizable Needs Test: Net household income for applicants and certified recipients cannot exceed 25% of the TANF budgetary needs amount.

TANF Earned Income Deductions:

\$120 for work related expenses.

Up to \$200 monthly dependent care expense per child under age 2;

Up to \$175 monthly dependent care expense per child age 2 or older, including incapacitated adults; and

90% of the remainder for four months in a twelve month period. This is allowed for active cases and applicants who have either received TANF in the four months before applying or who pass the Budgetary Needs Test.

TANF Resource Limit: \$1000 per Household. Transfer of resources for the purpose of qualifying is prohibited; vehicles worth <\$4,650.

OTTANF (One Time Temporary Assistance for Needy Families)

OTTANF provides \$1,000 cash assistance for families in short-term crisis. OTTANF households must:

- (1) be eligible for TANF and receive a prorated TANF grant of \$10 or more;
- (2) not include a member who is disqualified or has an open PRA penalty; and
- (3) meet one of four crisis criteria listed in HHSC Texas Works Handbook

(<http://www.dads.state.tx.us/handbooks/TexasWorks/A/2400/2421.htm>).

TANF One Time \$1,000 Benefit for Grandparents or Great-Grandparents

TANF provides a \$1,000 supplemental payment to a grandparent who meets all the following criteria:

- (1) 45 years of age or older;
- (2) Meets the TANF relationship requirement of a grandparent, which includes degrees of great or great-great;
- (3) Is the caretaker or payee (or spouse of the caretaker or payee) of a TANF certified grandchild, or received OTTANF for himself and the grandchild for whom he is caring, and the parent of the grandchild is not in the home;
- (4) Has a family gross income less than or equal to 200% FPIL; and
- (5) Has resources less than or equal to the TANF resource limit of \$1,000.

Note: A grandparent who is a payee is only required to meet the eligibility requirements noted above to qualify for the grandparent supplement. To be certified as a TANF caretaker, the grandparent must meet all TANF requirements.

Once a grandparent receives a one-time grandparent supplement payment, the grandparent is not eligible to receive the payment for other grandchildren who move into the home at a later time. Additionally, another grandparent cannot receive the grandparent payment for a grandchild who has already received the payment.

The grandchild must currently receive TANF or be newly certified for TANF (including open and close certifications). Note: A grandparent does not qualify based solely on a grandchild in the home who receives SSI.

Texas County Indigent Health Care Program (CIHCP)

Eligibility Criteria:

Residence. The applicant must live in the county in which s/he applies and must intend to remain there.

Household. A CIHCP household is a person living alone or two or more persons living together where legal responsibility for support exists, excluding disqualified persons. A disqualified person is one who receives or is categorically eligible to receive Medicaid.

Resources. A household is eligible if the total countable household resources do not exceed:

\$3,000.00 when a person who is aged or disabled and who meets
relationship requirements lives in the home; or
\$2,000.00 for all other households.

Income. A household is eligible if its monthly net income does not exceed 21% of the Federal Poverty Guideline (FPG). Counties may choose to increase the monthly income standard to a maximum of 50% FPG, and still qualify to apply for state assistance funds.

Hill Burton Program

Services Covered. Each facility chooses which services it will provide at no or reduced cost. The covered services are specified in a notice which is published by the facility and also in a notice provided to all persons seeking services in the facility. Services fully covered by a third-party insurance or a government program are not eligible for Hill-Burton coverage. However, Hill-Burton may cover services not covered by the government programs. Medicare deductible and coinsurance amounts are not eligible under the program. However, Medicaid co-payment amounts are eligible, except in a long-term care facility. In addition, Medicaid spenddown amounts are also eligible in all Hill-Burton facilities

Eligibility. Eligibility is based on a person's family size and income. Qualifications are based upon the Federal Poverty Guideline Limits. A person may also qualify for free or reduced cost care at some facilities if their income is up to double (or triple for nursing home services) the poverty guidelines.

The facility may deny request for care if:

- (1) For non-nursing homes, income is more than the current poverty guidelines, or more than twice the guidelines if specified in the facility's allocation plan;
- (2) For nursing home services, income is more than the poverty guidelines, or double or triple the guidelines, if specified in the facility's allocation plan;
- (3) The facility has given out its required amount of free care as specified in its allocation plan;
- (4) The services requested or received are not covered in the facility's allocation plan;
- (5) The services requested or received are to be paid by Medicare/Medicaid, insurance or other financial assistance program;
- (6) The facility asks to first apply for Medicaid/Medicare or a financial assistance program, and client does not cooperate; or
- (7) Client does not give the facility requested proof of income, such as a pay stub.

Crime Victims' Compensation

Eligibility:

The following persons are able to qualify for crime victim's compensation:

- (1) an innocent victim of crime who suffers physical harm, emotional harm, or death including a person who legally assumes the obligations or voluntarily pays certain expenses related to the crime on behalf of the victim;
- (2) a dependent of a victim;
- (3) a victim's personal representative;
- (4) an immediate family member or household members related by blood or marriage who require psychiatric care or counseling as a result of the crime;
- (5) a person who goes to the aid of a victim; and
- (6) a person whose employment includes protecting the public.

Covered crimes are those that involve criminally injurious conduct. Criminally injurious conduct is defined as conduct that occurs or is attempted, that poses a substantial threat of personal injury or death, and is or would be punishable by fine or imprisonment or death. Covered crimes include sex offenses, kidnapping, aggravated robbery, assault, arson, homicide, DWI, manslaughter, and other violent crimes.

To qualify for compensation, the crime must have happened in Texas to a Texas resident or to a U.S. resident, or the victim must be a Texas resident who became a victim in another state or country that does not have crime victim's compensation for which the victim would be eligible. The crime must be reported to law enforcement authorities within a reasonable time, and the victim must cooperate in any investigation of the crime.

Time Limits:

An application for compensation must be filed within three (3) years of the crime; however, the time limit may be extended for good cause.

Reduction or Denial of Benefits:

Benefits can be reduced or denied if a victim fails to cooperate with law enforcement in the investigation or prosecution of the crime or if the victim's own conduct contributed to the crime. Benefits must be denied if the victim knowingly or willingly participated in the crime, if the victim is the offender or an accomplice, if at the time of the crime the victim was incarcerated or on parole or on probation for a felony involving injurious conduct, or if the victim gives false or forged information to the Attorney General.

Eligible Expenses:

A victim can receive compensation for the following expenses related to the crime: medical expenses, hospital expenses, physical therapy, nursing care, psychiatric care,

counseling, lost wages, loss of support, wages lost due to participation in the investigation or prosecution or court hearings, travel, child care, funeral and burial expenses, crime scene clean-up, replacement costs for property rendered unusable as a result of the crime or investigation, reasonable attorneys fees for assistance in filing the claim and obtaining benefits, lost wages and travel more than 20 miles one way to seek medical treatment, one time relocation for victims of domestic violence and sexual assault victims who were attacked in their residence.

If a victim has suffered catastrophic injuries resulting in total and permanent disability, the victim may be eligible for additional benefits for vocational rehabilitation, making a home or car accessible, home health care, training in the use of special appliances, and reimbursement of lost wages. Most reimbursable expenses are subject to limits as shown on the following table.

CRIME VICTIMS' COMPENSATION LIMITS

Appendix 1

Deficit Reduction Act of 2005 (S.1932), signed by the President 02/08/2006.

Note: As of **March 1, 2006**, it is not known which of the provisions of this law will require changes in Texas rules or changes in Texas statutes. The cautious person will proceed on the assumption that the provisions of the law will be effective as of February 8, 2006, until a different effective date becomes clear.

SEC. 6011. LENGTHENING LOOK-BACK PERIOD from 36 months to 60 months, effective 02/08/06; **CHANGE IN BEGINNING DATE FOR PERIOD OF INELIGIBILITY.** Under this Section of the Act, all transfers of property, for less than fair market value (“gifts”), to qualify for long-term care Medicaid, will be penalized, if made within 60 months of applying for long-term care Medicaid. The period of ineligibility begins (in regard to transfers made on or after 02/08/06) on (1) the first day of a month during or after which assets have been transferred for less than fair market value; or (2) the date of first possible eligibility for Medicaid (but for the penalty period), whichever is later. Sec. 6011 also provides for a **HARDSHIP WAIVER** of the period of ineligibility where it would deprive an individual of medical care that would endanger his or her health or life, or deprive the individual of food, clothing, and shelter; and it requires states to notify Medicaid applicants who would be subject to a period of ineligibility so that they may request a waiver, and requires states to provide for a timely process for determining if an undue hardship exists.

SEC. 6012. DISCLOSURE AND TREATMENT OF ANNUITIES. This Section of the Act requires that a Medicaid applicant disclose to the state any interest the applicant or community spouse has in an annuity, regardless of whether the annuity is irrevocable or treated as an asset and allows states to require an issuer to notify the state when income or principal is withdrawn from the annuity. It applies to transactions (including the purchase of an annuity) on or after 02/08/2006. The current Texas rule on whether annuities count or do not count under long-term care Medicaid is at 1 Texas Administrative Code Section 358.442(g), effective 09/01/04.

SEC. 6013. APPLICATION OF 'INCOME-FIRST' RULE IN APPLYING COMMUNITY SPOUSE'S INCOME BEFORE ASSETS IN PROVIDING SUPPORT OF COMMUNITY SPOUSE. This Section of the Act limits intentionally sheltering assets in order to qualify for Medicaid by requiring states to apply partial month penalties; and requires states to accumulate transfers in computing the period of ineligibility. It applies to transfers and allocations made on or after 02/08/2006 by individuals who become institutionalized spouses on or after such date. Texas has already adopted a similar rule, at 1 Texas Administrative Code Section 358.50, effective 09/01/04.

SEC. 6014. DISQUALIFICATION FOR LONG-TERM CARE ASSISTANCE FOR INDIVIDUALS WITH SUBSTANTIAL HOME EQUITY. This Section of the Act establishes a cap on the amount of home equity an individual can have and still qualify for Medicaid at \$500,000; states are allowed to increase this cap to a maximum of \$750,000. Cap amount will be indexed after 2010. The Cap does not apply to Medicaid applicants with spouses or dependent children who are residing in the home. The Cap applies to individuals who are determined eligible for medical assistance with respect to nursing facility services or other long-term care services based on an application filed on or after January 1, 2006.

SEC. 6015. ENFORCEABILITY OF CONTINUING CARE RETIREMENT COMMUNITIES (CCRC) AND LIFE CARE COMMUNITY ADMISSION CONTRACTS. This Section of the Act treats continuing care retirement communities (CCRC) entrance fees as countable resources for Medicaid eligibility purposes to the extent that the individual can use the entrance fee, or the contract states that the entrance fee must be used to provide for care should other resources prove insufficient; and allows CCRCs and life care communities to require residents to spend resources declared on their entrance fee contracts for their care before applying for Medicaid.

SEC. 6016. ADDITIONAL REFORMS OF MEDICAID ASSET TRANSFER RULES. This Section of the Act requires that certain notes and loans are considered countable; and limits transfers to purchase life estates.

In order for a promissory note, loan, or mortgage (payable to the Medicaid applicant) to not be a counted asset, the repayment term must be actuarially sound. Furthermore, repayment must be made in equal payments during the term of the loan, with no deferral and no balloon payments. The note, loan, or mortgage, in order to not count as an asset, must prohibit cancellation of the balance upon the death of the lender.

In regard to life estates, in order for a life estate interest in another individual's home to not be a counted asset, the purchaser must reside in the home for at least one year after the date of purchase.

These additional reforms apply to payments under title XIX of the Social Security Act (42 U.S.C. 1396 et seq.) (Medicaid) for calendar quarters beginning on or after 02/08/06, without regard to whether or not final federal regulations to carry out such amendments have been promulgated by such date.

6016(e)(3) EXTENSION OF EFFECTIVE DATE FOR STATE LAW AMENDMENT. This Section of the Act states, "In the case of a State plan under title XIX of the Social Security Act (42 U.S.C. 1396 et seq.) which the Secretary of Health and Human Services determines requires State legislation in order for the plan to meet the additional requirements imposed by the amendments made by a provision of this section, the State plan shall not be regarded as failing to comply with the requirements of such title solely on the basis of its failure to meet these additional requirements before the first day of the first calendar quarter beginning after the close of the first regular session of the State

legislature that begins after the date of the enactment of this Act. For purposes of the previous sentence, in the case of a State that has a 2-year legislative session, each year of the session is considered to be a separate regular session of the State legislature.”
